

Student Management Tokens Screenshots

This screenshot shows the Postman interface with a GET request to `http://127.0.0.1:8000/`. The request is part of a collection named "Post data". The response is a 200 OK status with a response time of 12 ms and a body size of 170 B. The response body is a JSON object: `{ "message": "FastAPI + JWT + Array CRUD" }`. The interface includes a sidebar with collections, environments, and specs, and a bottom status bar showing system information.

```
GET http://127.0.0.1:8000/
```

200 OK · 12 ms · 170 B

```
{
  "message": "FastAPI + JWT + Array CRUD"
}
```

This screenshot shows the Postman interface with a POST request to `http://127.0.0.1:8000/students`. The request is part of a collection named "Post data". The response is a 200 OK status with a response time of 6 ms and a body size of 220 B. The response body is a JSON object: `{ "message": "Student created", "data": { "id": 1, "name": "Virat", "email": "virat@gmail.com", "age": 30 } }`. The interface includes a sidebar with collections, environments, and specs, and a bottom status bar showing system information.

```
POST http://127.0.0.1:8000/students
```

200 OK · 6 ms · 220 B

```
{
  "message": "Student created",
  "data": {
    "id": 1,
    "name": "Virat",
    "email": "virat@gmail.com",
    "age": 30
  }
}
```
